

Wildflower Meadow Community Event

All members of the community are welcome to come along to our event. We have invited a range of organisations to provide people with information about the creation, maintenance and benefits of having a wildflower meadow.

There will also be the chance to find out about family and adult wildflower Identification workshops, visits and how to become a volunteer on the project.

**The Space, Dorothy Road
Kettering
3rd November 2007
11am - 3pm**

For more details please contact the Alison at the Groundwork North Northants. Office on:

Alison.Albins@groundwork.org.uk

The Green Patch

The Green Patch is a not-for-profit organisation run mostly by volunteers to produce organically grown vegetables for the community. They are also involved in raising awareness of sustainable living issues such as composting, recycling, healthy living and encouraging people to take up growing their own produce.

This project is working in partnership with:

Kettering
Borough Council

Ise Valley Meadows
