

# CONSERVATION WALKS

Access is provided over fields containing a remnant ancient leat and pond, previously serving Shotwell Mill, and along grass margins adjacent to arable crops alongside the River Ise. Along with neighbouring Tailby Meadow, here pasture fields are managed sympathetically by grazing while hedgerows and ponds are being restored to enhance historic features and wildlife interest on the farm.

This access has been provided under the Department for Environment, Food & Rural Affairs' farm conservation schemes, which help farmers and land managers protect and improve the countryside, its wildlife and history. It is permissive access and no new rights of way are being created. Existing rights of way are not affected. Please follow the Country Code and observe any other requirements shown above. Do not disturb wildlife, livestock or other visitors and in particular keep dogs under control. This is working farmland so please take care; people using this site do so at their own risk. Access ends in September 2010.

For more information contact DEFRA: 020 7238 6907 (Office hours).
