

Want to know how small environmental changes can save your organisation money?

Investors in the Environment (IiE) is a green accreditation scheme that can help your business or community organisation save money and be green!

Key points and benefits of joining IiE:

- Join an increasing network of “green” businesses nationwide
- Implement a flexible system that suits you
- Create better working practices
- Win more tenders and contracts
- Hear about real life case studies
- Access green networking opportunities
- Access to a helpful IiE support team
- Access to a grant (not-for-profit orgs. only)

Come along to a FREE event to find out some quick wins and how to pledge:

Wednesday 19th June
